## Description

The picturesque village of Marchal is a 10 minutes by bicycle from Lubrin.

Towards the Mediterranean Sea to Mojacar which is a half hour drive in the car the next closest village is Bédar.

The village of Lubrin is situated in the foothills of the Sierra de los Filabres on mountainous terrain put to good use for agriculture (cultivation of almond trees) and livestock.

Amid this terrain is the village, at the foot of a crag, in a cluster from which the Parish Church stands out.

Its people are very hospitable.
